

Biversity Global Pathways

Strategy	Description	Value / Benefit
1. Suggest and Select Current PG Students	Identify top-performing PG students; they can do a full-time Master's or a project abroad	Highlights Biversity as a skill and career authority; ensures high-quality students
2. Eligibility & Screening Test for External Candidates	Conduct merit-based assessments for external candidates; selected students can do a full-time Master's abroad	Expands talent pool; positions Biversity as a gateway for top talent
3. Student Abroad Program as Part of PG Program	Integrate abroad-related projects or mini-courses; selected students can do full-time projects abroad	Adds global exposure to PG programs; enhances student experience
4. University Connect	Build relationships with partner universities to showcase Biversity students	Establishes Biversity as a talent incubator; strengthens global credibility
